12 May 1964

MEMORANDUM FOR: Chief, Covert Training, Operations School  
SUBJECT : Assistance Rendered in USAF/OSI Course

25X1A9a

1.

Training/OS, have again completed their one week's tradecraft instruction in the second Special CI Operations Course for the USAF/OSI. In this running of the Course, the pace was increased considerably over the previous instance. In addition, to accommodate the desire for more basic material on the part of the OSI

25X1A

schedule at the expense of considerable additional night work and rather long working days on the part of the aforementioned instructors.

2. Our Chief Instructor and members of the OSI Group themselves have expressed very strongly their appreciation of the carefully thought out presentations and the amount of effort expended by these instructors. The additional practical problem seems also to have been entirely satisfactory and to have struck the mark in an area in which the officers in this class needed practical experience.

3. This office very highly appreciates the assistance given by the aforementioned personnel from Covert Training in making this course a success. We would also like to remind you that the third and final running of this particular course will be during the week 6 through 10 July 1964. We hope that we can once again rely on your assistance as we have in the two previous courses.
